

December 2011

Special Edition

ASCLD/LAB NEWSLETTER

*American Society of Crime Laboratory Directors
Laboratory Accreditation Board*

This special holiday issue of the **ASCLD/LAB Newsletter** is dedicated to and recognizes the 386 laboratories accredited by ASCLD/LAB as of December 21, 2011.

Congratulations to all of you for achieving and working to maintain accreditation through ASCLD/LAB

the largest forensic science accrediting body in the world

139 J Technology Drive
Garner, NC 27529

*To our customers,
colleagues and friends ...*

At this joyous time of year, we find ourselves reflecting on the past year. We value our relationship with you and look forward to working with you in the year to come.

We wish you a very happy Holiday Season and a New Year filled with peace and prosperity.

ASCLD/LAB Board and Staff

ASCLD/LAB Legacy Accredited Laboratories

Aegis Sciences Corporation - CRIMES™ Division (TN)
Alabama Department of Forensic Sciences - Auburn

Wyoming Division of Criminal Investigation

ASCLD/LAB-International Accredited Breath Alcohol Calibration Laboratories

Ventura County Sheriff's Department (CA)
Virginia Department of Forensic Science
Washington State Patrol
San Mateo County Sheriff's Office (CA)
Orange County Crime Laboratory (CA)

As of December 21, 2011, seventy-eight (78) laboratories are at varying stages of the ASCLD/LAB-International assessment process

That number includes both first-time applicant laboratories and ASCLD/LAB Legacy accredited laboratories making the transition to the ASCLD/LAB-International program

Laboratories will be recognized in future editions of the **ASCLD/LAB Newsletter** as each laboratory achieves ASCLD/LAB-International accreditation

REMINDERS

As you plan for 2012, be mindful of the fact that ASCLD will not hold a symposium in calendar year 2012.

The ASCLD Board decided to move the ASCLD Annual Symposium to the spring of each year.

Starting in 2013 the goal will be to schedule the ASCLD Symposium in April of each year.

Therefore, the next ASCLD Symposium will be in April 2013.

In accordance with the ASCLD Symposium change, the ASCLD/LAB Delegate Assembly will not meet in 2012.

The next meeting of the ASCLD/LAB Delegate Assembly will be in April 2013.

The Person Behind the Voice

When you call the ASCLD/LAB headquarters office in North Carolina your call will, more likely than not, be answered by Tara, Caprice or Amy. All three work together to make the office run efficiently, and they consistently try to make sure that your calls are answered in an efficient and courteous way.

Over the next few issues of the **ASCLD/LAB Newsletter** we will help you get to know “the person behind the voice” in the ASCLD/LAB office.

This issue features Amy Chalk, the Financial Assistant in the ASCLD/LAB headquarters office.

Amy Chalk

Financial Assistant

Amy has been with ASCLD/LAB since May 2000. She started as a 20 hour per week employee and has steadily increased those hours over the years as ASCLD/LAB has grown. Amy lives in Garner, North Carolina with her husband Tony and 2 daughters. She and Tony are soon to be “empty nesters” as one daughter currently attends college and their second is a senior in high school. They are looking forward to this new stage in life with both excitement and trepidation!

Outside of work, Amy volunteers much of her time lending her accounting skills to her church and the Garner Educational Foundation. She also enjoys photography, reading, trips to the beach and spending time with friends and family.

Amy handles all financial matters for ASCLD/LAB, including Accounts Receivable, Accounts Payable, payroll, invoicing etc. If you have served as a volunteer technical assessor for ASCLD/LAB and received a reimbursement check “super quick” - Amy does that for you!

A big **“Thank You”** to Amy for her many contributions to ASCLD/LAB!

Questions About Classroom and Web-Based Training Available from ASCLD/LAB?

Check for training updates at:

<http://www.ascl-d-lab.org/trng/trngoverview.html>

A Special Request from ASCLD/LAB

Looking ahead to the future effective date of the ASCLD/LAB Measurement Uncertainty and Traceability policies, ASCLD/LAB is seeking qualified and interested individuals to serve as volunteer reviewers of measurement uncertainty data and estimated uncertainty from ASCLD/LAB applicant and accredited laboratories. Training our large number of volunteer technical assessors to appropriately review this data is not a practical approach. In place of that, ASCLD/LAB management is considering an approach similar to the NDIS review board model. Applicant laboratories will be required to provide relevant policies, procedures, data and measurement uncertainty estimates, etc. during the pre-site visit, document review phase of the ASCLD/LAB-*International* assessment process. That portion of the laboratory's documentation/records will be reviewed off-site by appropriately qualified volunteer assessors .

Under this concept, the reviewers of this information would not join the rest of the team for the on-site assessment. Except for some probable orientation and initial training, this would be an opportunity to give back to the crime laboratory community without committing to traveling.

If you are interested in learning more about this initiative, please submit your name and contact information to ASCLD/LAB Accreditation Program Manager John Neuner (jneuner@ascl-d-lab.org). Include a brief description of your qualifications to serve the crime laboratory in this volunteer capacity.

Please let us know if you have an interest in this volunteer opportunity

The full scope of accreditation is available online for every laboratory accredited in either of the ASCLD/LAB-*International* accreditation programs. You may view those detailed scopes of accreditation and view the accredited disciplines for all ASCLD Legacy accredited laboratories at :

www.ascl-d-lab.org/labstatus/accreditedlabs.html

Each ASCLD/LAB-International assessment experience and assessment team are custom designed to appropriately assess the scope of accreditable services offered by each laboratory – while ensuring conformance with internationally recognized accreditation standards

We hope you have enjoyed this special edition of the ASCLD/LAB Newsletter, and that you will join us in congratulating all ASCLD/LAB accredited laboratories listed in this publication

When the **ASCLD/LAB Newsletter** resumes publication in 2012, the previously promised feature of a new **“Bits and Pieces”** column will be included

This new, regularly featured column will discuss a wide variety of topics, including frequently asked questions and commonly misunderstood elements of accreditation.

2011-2012 Board of Directors
Laboratory Accreditation Board (ASCLD/LAB)

Pamela Bordner (2008-2012)

Chair

Oregon State Police
Bend Forensic Laboratory
